Work Experience

Loc Stylist | Loc'd In By K'monie via styleseat | 07/2021 - 02/2025

- Expertly crafted a variety of natural hairstyles, ensuring each client's personal style and hair health were prioritized
- Provided specialized loc maintenance and styling services, catering to a diverse client base seeking expert hair care

Software Developer Intern | Amazon - Seattle, WA | 06/2024 - 09/2024

- I worked for three months, I worked alongside a very amazing & ambitious team within the Grocery Fulfillment department. For my project, I got to build a front-end widget with 2 permissions services: Disabled & Enabled location discovery widget that you will be seeing on the Amazon Shopping App soon. I built the code to where it was accessible in mobile & desktop, because originally it was only accessible in mobile view, and I reached my goal!

APE Software Developer Engineer (Internship) | Amazon - Seattle, Washington | 05/2023 - 08/2023

- Developed two key backend features focused on real-time inventory tracking and analytical reporting, enhancing the software's extensibility for client use
- Implemented solutions in Java and Kotlin, adhering to best coding practices and contributing to the team's software development goals
- Collaborated with the Tracking Inventory team to meet project deadlines and deliver functional enhancements to the inventory management system

Busser/ Runner | Bento Brooklyn-riverside - Jacksonville, Florida | 02/2021 - 01/2022

- Ensured a clean and welcoming dining environment by effectively clearing and setting tables
- Maintained high standards of hygiene through diligent cleaning and sanitization of restrooms and guest areas

Organizer/ Event Helper (Internship) | Girls Inc | 09/2021 - 12/2021

- Supported the CEO in event preparation by creating marketing flyers and coordinating logistics for successful organizational functions
- Contributed to event execution by providing hands-on assistance during events, ensuring seamless operation and participant satisfaction

Technician Engineer Assistant (Internship) | Museum Of Science and History | 09/2021 - 12/2021

- Provided support to the Engineering team in the maintenance and repair of exhibit machinery, ensuring smooth operation and visitor satisfaction
- Contributed to the troubleshooting and resolution of technical issues, enhancing exhibit reliability and performance

Volunteer | Groundwork Jacksonville | 08/2021 - 11/2021

- Collected environmental samples to assist in ecological preservation efforts
- Constructed a sustainable rainwater collection system and participated in local area beautification through waste removal

Paid Training (Internship) | MYAWP | 09/2020 - 01/2021

- Participated in a virtual orientation to understand company policies, procedures, and expectations
- Supported the coordination and execution of a networking event, enhancing attendee experience and facilitating professional connections

Volunteer & Shift Manager | teaPosh Naturals restaurant | 02/2019 - 01/2021

- Managed the preparation and distribution of herbal products, ensuring quality control through precise measurement, packaging, and labeling
- Maintained high standards of cleanliness and customer service, effectively operating the cash register and overseeing both front and back-of-house operations

Volunteering | UNF CROP | 09/2018 - 01/2021

- Provided guidance in college and career exploration programs to support student development and academic planning
- Contributed 25 hours of service to facilitate various educational activities, enhancing participant engagement and learning outcomes

Volunteering | Mayor youth at work partnership | 05/2020 - 07/2020

- Conducted comprehensive career assessments to assist individuals in identifying their vocational interests and potential career paths
- Devoted 10 hours to providing guidance and support to participants seeking to understand and align their skills with career opportunities

Volunteering | Clara white mission | 06/2019 - 07/2019

- Assisted in the preparation and distribution of meals to individuals facing homelessness
- Contributed three hours of service, focusing on direct community support and engagement

Salesman | Youth opportunities of America | 09/2018 - 07/2019

- Cultivated strong work ethic among participants through strategic fundraising initiatives
- Enhanced participant engagement and contribution in fundraising activities to support organizational objectives
